

THE

WAR  
ROOM

Fathers   
Fatherslove.co.za

Dear Eagle and Intercessor,

Mirjam and I would like you to pray about something that is very close to our hearts.

As you know, we have been given a mandate from heaven for revival and need to continue on this journey.

He has made it very clear that we need to have those who are called to pray for us and this ministry, stand with us in this time.

We have now formed a team called "The War Room" to focus on Fathers Heart International ministry and our mandate for revival and to transplant His heart in the nations.

We are getting very close to the release of full-scale revival. It's imperative that the eagles and intercessors are all in position for this coming battle.

We earnestly need the help of eagles and intercessors who feel aligned to our ministry in some way and who would like to join the group.

We are going to start a WhatsApp group which will be a very focused group and will not be too busy.

We will also be training material and waiting on Him for battle plan for the nations starting in Africa then Israel and to the rest of the earth.

It will be a broadcast only group as only admins will be allowed to post on the group. Specific battle strategies will be shared to focus on.

**South Africa and Africa desperately needs revival.**

If you feel the Lord wants you to stand with us for the coming revival please answer the questions below under Joining the Father's Heart War Room Team and email to [ministry@fatherslove.co.za](mailto:ministry@fatherslove.co.za).

In His love

Warren and Mirjam Horak

# WHO WE ARE

Father's Heart International Ministry is called to restore His heart to the Church.

**Father's heart is raising up sons to walk in His glory and divine destiny.**

Father has requested a heart for His people.

We are called to first lose our hearts to Him, He gives us His Heart to give away to each city that requires His heart.

We are organ donors called to give our hearts away to cities and nations.

This house is called to transplant His heart into the nations.

He trusts us to transplant His heart in the nations that request His Heart in order to host His glory and His Revival that will never end.

We are a family of believers called to be His heart and reveal His Heart of love, by loving Him, each other and by serving the Body of Christ with His love and grace.

We make disciples who are sons, who in turn make more disciples/sons wherever they are.

This house and ministry is made up of [house churches](#) and churches within the [marketplace](#).

Our goal is to see revival come to each of the seven cities of Revival in South Africa, Africa, Israel and the nations.

Revival is not just about His glory and power being released, but it's about harvest. He died for the lost and wants to take them to heaven with Him.

This is our privilege and job.

We see communities, cities and nations disciplined and transformed through Father's Heart by the power of His Spirit of [Revival](#), becoming part of the Kingdom of God.

We see the Lord raise the unified Body of Christ in each city and nation.

***“Go therefore and make disciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, “teaching them to observe all things that I have commanded you; and lo, I am with you always, even to the end of the age.”*** Matthew 28:19-20

# VISION OF FATHER'S HEART WAR ROOM

This is war.

The intensity is going to get much hotter as the end of the age draws closer.

He wants us to overcome and praying and doing warfare the way we are used to will not work and give us the victory that He promised.

We need to operate on a strategic level of warfare in order to win. The Lord has given us a clear strategy to win this battle and war we are in.

This is a spiritual war and must be fought with all our armor and weapons and in unity with all the battle groups working with Jesus and each other.

The enemy will always try and engage us on the ground. We are called to fight from our position in heaven. From His manifest presence and rest.

Then and only then we will see great victories and sustained victories which keep the walls up.

The key is praying prophetically (in alignment with what the Lord is saying) in agreement and in unity.

This means we hear and see what Jesus is doing and then we PRAY what He is doing and saying. To do this, we must first watch before we pray.

We must wait on Him and fly in the Spirit to see [what Jesus is doing](#)

The problem is the soldiers (watchmen) are randomly firing at will as they see fit. As with all armies we need intel. The intel comes from the eagles, who are the prophets. Every prayer group needs both apostles, eagles and intercessors. They need to walk as one.

All eagles are intercessors, but not all intercessors are eagles (prophets).

# STRATEGY AND TASKS

- The intercessors need to walk with prophets and with apostles.
- The eagles get heavens blueprint and battle plan and give it to the apostles.
- The apostles take the pieces of the puzzle and see the bigger picture and then write the prayer brief for the intercessors and the rest of the army.
- The intercessors now use the weapons and prayers and blueprints in the form of the [Strategic Prayer Brief](#) given to the apostles.
- As the battle continues the eagles will see more and more and need to give that heavenly intel back to the apostles who can collate it into an updated strategic prayer brief.
- These three giftings need to come into heavenly alignment for us to have major victories and keep the ground we have taken.
- We all need to pray prophetically which means to first watch and then pray.
- Jesus only did what He SAW the Father doing.

## We must be in agreement

- How can we be in agreement and pray the prayer of agreement if we do not know what the Lord has said and is busy doing in the house? (Psalm 127:1)

- The [Strategic Prayer Brief](#) is a very powerful point by point strategic brief that will enable the army to get inline and fire their weapons in unity and on target.
- It does not help to mobilize machine gun prayers in all directions. This will only cause a momentary break in the enemies attacks, only for him to come back harder when the prayer stops.
- Walk in love, ask Him to fill you with His perfect love that casts out all fear.
- We need to fight like soldiers not like slaves.
- We must know His voice and we follow Him into this battle.
- We must operate from [His presence and rest](#)
- We have to have focus and pray what Jesus is praying.
- This type of intercession will get results as we are lining up with the Captain of the hosts and the rest of the army.
